

“When listing Huckleberry I asked only two things of Hunter... I wanted him to communicate with me regularly and work hard. Being in the Real Estate industry for many years, I understand buyers can’t be fabricated and he would have an arduous task ahead. His marketing including the use of drone photography and social media have paid off for our listing. Hunter is very knowledgeable and up to date on the opportunities that exist in the timber and hunting land market and he is willing to spend time with seller and buyers to make the sale successful for each party. I highly recommend Hunter Brant, would use him again, and feel as though I have made a lifelong friend who is not only a very good business man, but a fine Christian man, husband and father.”
