

“Hunter, it was a pleasure working with you on this deal. I especially appreciate all the behind the scenes work you did in getting the title cleaned up. Hopefully, we’ll strike oil out there now that the mineral leases are cleaned up, or at least kill some nice bucks. This was a sophisticated transaction involving a number of moving parts, and your efforts helped it go off without a hitch. I’ll be sure to recommend Oakwood to any clients that need an experienced land broker.”
