

"I began working with Hunter as I contacted him regarding a nice gentlemen's farm he was the listing agent on in North Florida. Although after visiting the property it wasn't a fit for me I had such a good experience with Hunter I decided to utilize him to list my smaller tract of property in North FL that I wished to sell as well as have him assist me in finding my future property. In 6 short months he sold my property for 94% of the asking price. One month later he assisted me in closing on a new tract in Southern GA. I had been looking on and off for over a year for the perfect next tract, but it was through his help that I found it..."

Respectfully,

Mike Clark
